

# anatomy of a great uniform

Many companies sell school uniforms, *but we make them*, in our union factory in Portland, Oregon. Manufacturing is an important part of the DENNIS advantage, enabling us to make sure your uniform is available year-round and in our stores when you need it. Under our professional supervision, DENNIS fabrics are custom-dyed, woven, cut and sewn to meet our rigorous standards for durability and consistency. The DENNIS label guarantees quality. Your uniform will look as sharp on the last day of school as it did on the first.

**DENNIS**  
UNIFORM CO.  
PORTLAND, OR

**DENNIScloth® is specially woven for durability, comfort and easy care**

**Fabrics are dyed to our standards; color consistency guaranteed**

**Plaids match at the seams — an “old school” value**

**Designed to grow: elastic waistbands, generous hems**

**Advanced Pleating Technology: Creaset®, baked-in, or stitched-down — pleats stay crisp, wash after wash**

**Every garment is inspected to meet rigorous DENNIS quality standards**

**DENNIS**  
*school uniforms since 1920*
